

Letter of Recommendation

To: Prospective Real Estate buys or sellers

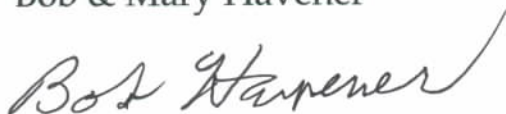

We recently sold our residence of 22 years. Jeff Crockett of Discover Grants Pass Realty came highly recommended as having an excellent reputaton.

I must say that he was the most professional and helpful broker I have ever dealt with. He marketed the property in a very aggressive manner and the result was a remarkably quick and smooth transaction. He is very detail oriented and was always available when we had questions. He was always present when any activity was being conducted at the property and represented us with our best interest in mind.

The process of selling property has grown vastly more complex since we bought the home 22 years ago and Jeff is impressively up to date and extremely knowledgeable about every facet of the process.

I whole-heartedly recommend him to any one seeking to buy or sell real estate property.
